

**BePA**

*The Belgian Proteomics Association presents*

# Spatial Proteomics

Protein function through space and time

**Thursday December 3**

**PRINCIPLES IN PROTEOMICS WORKSHOP**

Experience first-hand how a proteomics workflow works.

- *Learn about the do's and don'ts in sample preparation*
- *How mass spectrometry is used in proteomics*
- *From MS Imaging to shotgun microproteomics using laser capture microdissection*
- *What the basic principles in data analysis are*

**Friday December 4**

**ONE-DAY SYMPOSIUM on "Spatial Proteomics"**

**3-4 December 2020**

**Registration opening**

September 1<sup>st</sup>, 2020
